- Assists Parish Councils in the preparation of Neighbourhood Plans.
- Prepares Article 4 Directions to restrict the scope of development rights either in relation to a particular area or site or a particular type of development anywhere in the District.
- The Town and Country Planning (Brownfield Land Register) Regulations 2017 requires local planning authorities to prepare, maintain and publish a Brownfield Land Register. This is reviewed annually and published by the 31 December each year.
- The Self-build and Custom Housebuilding Act 2015 places a duty on local councils to maintain a register of people who are seeking to acquire land to build a home themselves in the authority's area.

## **Conservation Service**

- Provision of specialist comments on planning applications/appeals in relation to Heritage Assets (Listed Buildings, Conservation Areas), and Locally Listed Buildings. This service is outsourced to Place Services and paid for through the vacant Senior Planning Officer Post.
- Designation of Conservation Areas and updating Conservation Area Appraisals. We are responsible for the designation of Conservation Areas which are defined by the National Planning Policy Framework as 'designated heritage assets'.
- We maintain a List of Locally Important Buildings (Local List) (over 160 entries) which are important buildings or structures of historical, or architectural, interest to the local community. Inclusion on the List means that its conservation as a non-designated heritage asset is a material consideration when determining planning applications
