With 10 different workout stations in one, this combination package offers a superior street workout and callisthenics experience. Featuring all the essential elements for users to release their creativity, the dimensions of the pull up bars have been optimized to 32mm for the best possible hand grip. The strength of the bar is secured through a conical design and a full

steel bar. The 138cm wide pull up bars are designed to give plenty of space to dynamic exercises and promote sideways exercises such as the typewriter pull up. The wide bars also allow for users to do pull ups next to each other and thereby compete or motivate each other.

The popular cross-trainer known from indoor fitness is now available for outdoor training. With the best ergonomics on the market, KOMPAN's Cross Trainer gives an intense workout and adds an extra intensity layer with a special sprint mode (glute mode) that allows a high-calorie workout that strengthens the gluteus and lower limbs while focusing on the

core stabilizer muscles. The KOMPAN Cross Trainer provides a safe, non-impacting workout without putting unnecessary stress on the joints. The KOMPAN cardio family is designed to give users of all ages, physiques and fitness levels a cardiovascular training that keeps their heart rate above the needed 65% of their maximum heart rate. The intelligent system

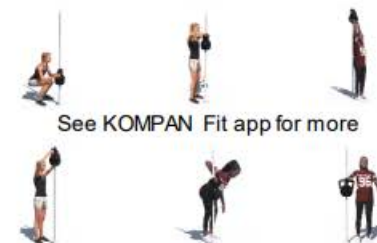

automatically adapts the workout to the pace set by the user, securing that the user gets a proper resistance. Besides the automatic drive the user can also choose to manually adjust the resistance, either by using the touch screen or the KOMPAN cardio APP.

Safe free weight training in the outdoors through an innovative breaking system. The three different weights move freely up and down a vertical tube, featuring a magnetic breaking system that offers controllable resistance, and prevents the weights from dropping to the surface and slows down the fall to a reduced pace. The option to choose

between a light, medium or heavy training weight, makes the Rope Bells frame an accessible piece of equipment for both the trained and the untrained.

The Sport Bike is an adjustable and interactive piece of cardio equipment which is the same quality and as equally effective as what you expect in equipment at an indoor fitness centre. The Sport bike is all about an active riding style, the frame optimized for performance riding in a forward leaning position, the height of the sport bike saddle can be adjusted so that everyone

can bike in the right position. The patented, self-powered resistance units create a real road cycle experience. The resistance can adapt automatically depending on the pedalling speed, or the users can choose to manually change the resistance on the 7" touchscreen or in the KOMPAN App.
