

Three Rivers Local Strategic Partnership Community Strategy 2018-2023

Foreword

Welcome to Three Rivers Community Strategy for 2018 to 2023.

The Strategy is a result of a great deal of information gathering and consultation.

The results have allowed us to concentrate on themes which the Local Strategic Partnership can best address through local partnership working.

The themes identified are:

- **Housing**
- **Ambition**
- **Independence & Resilience**
- **Health & Wellbeing**
- **Safety**

Three Rivers is already a great place to live. We hope that the partnership work that continues over the next five years will improve this even further.

Introduction

The purpose of this strategy is to focus the attention of representatives from key service providers – public, voluntary and private – on areas of local service provision that need most improvement and that can be delivered through local partnership working.

The Local Strategic Partnership has a vision to improve the quality of life for the people of Three Rivers by working in partnership to create a better place for everyone, including their neighbourhoods, health, employment and access to services.

What is the Local Strategic Partnership?

The Local Strategic Partnership Board was set up in 2002 to ensure that its vision is achieved through its community strategy for Three Rivers. We link with other partnerships and groups in the district and across the county - all of which are working towards achieving our vision.

The Board is made up of representatives from public, private and voluntary and community sector organisations, which are based in and around the district, and aims to build on the successful partnership-working which already exists. Membership is set at senior politician, board or chief officer level to ensure that members have the necessary authority to speak for their organisations and to commit the resources needed to turn the vision into a reality.

Who is on the Board?

The following organisations have representatives on the LSP Board:

Hertfordshire County Council, Three Rivers District Council, Citizens Advice Service in Three Rivers, Parish Councils, Hertfordshire Constabulary, Hertfordshire Fire & Rescue, Office of the Police & Crime Commissioner, Thrive Homes, Watford Community Housing Trust, Herts Valleys Clinical Commissioning Group, West Herts College, Jobcentre Plus and the Hertfordshire Chamber of Commerce.
