

COMMUNITY INFRASTRUCTURE LEVY FUNDING REQUEST

Section A: Applicant Contact	ct Information
Name and address of your organisation	Three Rivers District Council, Leisure Team, Three Rivers House, Northway, Rickmansworth, Herts, WD3 1RL
Name and position of main contact	Project Development Officer- Leisure and Landscapes Team
Applicant contact details (phone number, email and address)	Projects Development Officer – Leisure and Landscapes Team Three Rivers District Council
Type of organisation (If a charity, please provide registration number)	Local Government
Describe your organisation's main purpose and regular activities	Local Government – Providing leisure facilities and services
Is the organisation able to reclaim VAT?	Yes

Project Title	Denham Way Playing Fields Refurbishment of Outdoor Leisure Facilities
Summary of the project	Denham Way Play Area is due for refurbishment as part of the Capital Programme and has £50,000 allocated to carry these works
proposal	out.
	There have been a number of recent provision surveys such as the Open Space, Sport And
	Recreational Facilities Assessment, the Playing Pitch Strategy and Local Football Facility Plans that have all contributed to the provision requirements of the Local Plan.
	The annual RPII inspections of the existing Tennis Courts show that they are due to go end of life within 5 – 10 years so will need to be replaced. There is an onsite tennis club, Get Set Tennis, which is for people with a disability who have noted access issues to the site and courts.
	With this in mind, Officers are looking to refurbish the all the facilities at Denham Way Playing Fields to better suit the growing population, based on the provision surveys and public consultation, to accommodate the needs of the tennis club and to provide a income from the improved site facilities.
	Refurbishment works would include:
	New play area
	Community pavilion,
	3 floodlight tennis courts
	Outdoor fitness zone
	Multi-use games-area (MUGA)
	Playing pitch improvements
	Access pathways around the site Casting around the site.
	 Seating around the site Biodiversity work including a formal garden, rewilding, tree planting
	Biodiversity work including a formal garden, rewnding, tree planting
	Project Update - October 2022
	Following the recent approval of this funding grant and the subsequent submission of a planning application, Officers are requesting a 25% uplift for this scheme. This is due to the increases in the supply chain for materials and labour since this funding request was made.
	This uplift is required in order to offset current shortfalls in these areas which are market force driven and reported to Officers fro
	a number of suppliers in the leisure equipment industry, with another predicted price rise December 2022/January 2023. Officers
	are keen to convert the current costs for materials before these widely reported market principareses

are keen to secure the current costs for materials before these widely reported market price increases.

		market cost	s for material	npact on the delivery timescales for the project. However, Officers advise that failure, will result in this project requiring a reduced quality of materials and equipment is equipment.

				through Groundworks and expressed keen interest in TRDC submitting a funding uth Portal site and its impact on the local community.

Section C: Strategic Case	
How does the project help address the demands of development in the area. What	As this area is a LSOA and previous plans note a lack of local leisure facilities, this project would look to readdress the balance health inequalities in line with the current and expected housing growth in the area.
evidence is there to support this?	This will support the capital programme works for Denham Way Play Area and increase the accessibility to leisure
	facilities which matching the current community need.
Do you have planning permission in place to	No, will be required.
carry out the works?	
If so, please provide the application number	
Why is CIL funding being sought and who	There have been a number of recent provision surveys such as the Open Space, Sport And
are the likely beneficiaries of the project?	Recreational Facilities Assessment, the Playing Pitch Strategy and Local Football Facility Plans that have all contributed to the provision requirements of the Local Plan.
	The annual RPII inspections of the existing Tennis Courts show that they are due to go end of life within $5-10$ years so will need to be replaced. There is an onsite tennis club, Get Set Tennis, which is for people with a disability who have noted access issues to the site and courts.
	With this in mind, Officers are looking to refurbish the all the facilities at Denham Way Playing Fields to better suit the growing population, based on the provision surveys and public consultation, to accommodate the needs of the tennisclub and to provide an income from the improved site facilities.
	CII funding is being sought to support these capital infrastructure works and increase the provision of leisure facilities to support population growth according the growth noted in recent reports and to help address the needs of the local community as a LSOA with noted health inequalities by increasing access to facilities promoting physical activity.
	Aside from the local community being direct beneficiaries of this proposal, other direct beneficiaries of these works will be the Get Set 4 Tennis Club and members, local football clubs and personal trainers using the site for group exercise classes/instructors.
	The works will also mean that TRDC will be able to use the site to deliver more physical health and wellbeing sessions directly to the local community both outside and inside a community building, to again address health inequalities.
Would the community support the project?	Current public consultation results indicate that the public are supportive of the proposals and are engaged in the project.

	As mentioned above, this project also has support from Councillors, the onsite Get Set 4 Tennis Club, the LTA, Herts FA and HS2.
Would the project lead to any income generation?	It is anticipated that there would be income generation from both the inside and outside proposed leisure facilities refurbishments as: • Long-term lease of pavilion • Football pitch hire • Outdoor fitness zone hire (PTs) • Tennis court hire
Please provide details of any supporting policy from the Local Plan	

Section D: Financial info	ormation			
Please show in the table be	elow the amount of CIL funding be	ing sought and	d any other con	tributions that may have been allocated for this scheme
	Amount			Detail
Please indicate total cost of project	£457,000			
Please provide a detailed breakdown of the costs for	Denham Way Playing Fields - Phasi	ng and cost pla	The details of the estimated costs of the proposed works have been worked on by obtaining quotes.	
the project	Phase Plan	Phase	Cost	
	Play Area	1	£100,000	Car parking is noted a facility that could be explored
	Tennis Courts	1	£135,000	in the future, but is not costed out as part of these
	Gym	1	£27,000	proposals for CIL funding as further works would
	MUGA	2	£45,000	need to take place with the Senior Transport Planner
	Walkways	2	£35,000	and further public consultation.
	Pavilion	2	£75,000	
	Green Spaces/Garden	2	£10,000	
	Car Parking	3	TBC	
	PM fees/Planning app/Operator signs etc	pre works	£30,000	

Please provide a detailed summary of the total CIL funding required, including phasing	£457,000.00 £25,000.00 £10,000.00 £75,000.00 £347,000.00 Project Update Octob Officers advise that: Original CIL awarded = Requested 25% uplift		It is anticipated that the CIL funding would be required in phase one of the project to enable the works to start, prepare more detailed plans for phase two and used as leverage along with the Capital funding, to secure the funding from other partners.
How much funding does the project currently have?	£0		
Are there any revenue costs (i.e. day-today running costs, maintenance cost) associated with the project and if so how will they be funded and has that funding been secured?	Within grounds mai maintenance.	ntenance budget for both current and future	No health and wellbeing activities are being run at this site currently, but a development plan will be put in place and this is funded from the Leisure Revenue budgets.

Please indicate in the table below the source of additional funding that has been secured/ is being sought.				
Source	Amount	Conditions Attached	Use by Date	Funding Confirmed
HS2	£75,000	None	None	No
Football Foundation	£25,000	None	None	No
LTA	310,000	None	None	No

Does the CIL funding help secure the release of additional funding?	Yes	X
	No	

Section E: Delivery Timescales

What is the delivery timescale for the project?

Delivery of the project is anticipated to be phased as per the below plan. It is anticipated that this project will commence works in April 2022. Pre works on planning application, obtaining a PM & PD to comply with CDM Regs, more detailed plans for the pavilion refurbishment and additional funding bids to be written.

Denham Way Playing Fields - Phasing and cost plan

Phase Plan	Phase	Cost
Play Area	1	£100,000
Tennis Courts	1	£135,000
Gym	1	£27,000
MUGA	2	£45,000
Walkways	2	£35,000
Pavilion	2	£75,000
Green Spaces/Garden	2	£10,000
Car Parking	3	TBC
PM fees/Planning app/Operator		
signs etc	pre works	£30,000

Section F: Additional Information

Is there any additional information that may support the application?

- Local plan details
- Open Space, Sport And Recreational Facilities Assessment
- Playing Pitch Strategy and Local Football Facility Plans
- Background to works
- Consultation with members
- Contributing to biodiversity plans

Improved facilities will support the outputs of the above plans and it is planned to submit this area for Green Flag status using the improved facilities and rewilding as a basis for a much improved open space for the local community. Improved access paths around the site will increase accessibility for those who use mobility aids and provide a much need safe space for children and young people to learn to ride their bikes/scooters.
It will also offset the disruption caused to the local community from the very close HS2 South Portal site development works.
These plans will actively contribute to biodiversity plans through rewilding and planting in specific areas, significantly increasing the biodiversity net gain.
The new and enhanced facilities will also support and future proof against new developments expected in the locality.
The development includes potential provision for a community building which will greatly increase accessibility to health and wellbeing activities.
Section G: Declaration
When you have completed the application, please sign this declaration and submit the application form as directed
To the best of my knowledge the information I have provided on this application form is correct.

If Three Rivers District Council agrees to release funds for the specified project, these funds will be used exclusively for the purposes described. In such an event, I agree to inform the Council's Infrastructure Delivery Coordinator of any material changes to the proposals set out above. When requested, I agree to provide the Council with all necessary information required for the purposes of reporting on the progress or otherwise of the identified project. I recognise the Council's statutory rights as the designated CIL Charging Authority, which includes provisions to reclaim unspent or misappropriated funds.

Privacy Notice: By signing this form, the applicant agrees to Three Rivers District Council checking all supplied information for the purposes of informing decision making. The information on this form will be stored in the Council's Infrastructure Spending Board manual filling system and summarised in the Council's ICT system for the sole purpose of fund processing, analysis and accounting. Information about the project may be publicised on the Council website and in public material for publicity purposes. Personal data will not be disclosed without any prior agreement of those concerned, unless required by law. For further information on the Council's privacy policy, please see: https://www.threerivers.gov.uk/egcl-page/privacy-notice

Section H: Officer Comments/Recommendation October 2022

Regulation 59 (1) of the CIL Regulations state that CIL can be spent on the provision, improvement, replacement, operation or maintenance of infrastructure/ to increase the capacity of existing infrastructure or to repair failing infrastructure if that is necessary to support development.

The Regulation 123 List (which was approved by Council following the independent examination of the CIL Charging Schedule) sets out the types of infrastructure that CIL will be spent on and includes open spaces and play areas. Although the Regulation 123 List was superseded (in 2020) by the Infrastructure Funding Statement it still provides the Council's approach.

The most up to date Open Space Sport and Recreation Study (OSSR) 2018 identifies Denham Way Play Area (which is within the Maple Cross Playing Fields) as an area that needs improving. The relevant section of the OSSR states at Table 7.2 that Denham Way play area's quality score was 61.5% which was below the quality thresholds. The low quality score can be attributed to a lack of ancillary features, equipment or improvements being required. The OSSR (2018) is part of the evidence for the Local Plan which identifies areas for improvement/provision to support development in the District.

The OSSR (2018) also identified the Maple Cross Playing Fields as being just above the low quality threshold, the playing pitches as being poor quality and the tennis courts as Good Quality (with the acknowledgement that they would likely need replacing within 5 – 10 years (so refurbishment at an early stage will prolong the life). The previous OSSR (2011) that supports the current Local Plan recommended Access improvements to existing open spaces throughout the District and therefore any improvements to accessibility would also qualify.

The Regulation 123 List (although now superseded) indicates that CIL monies can be spent on pubic accessible leisure facilities (which can include pavilions) as long as there is a need resulting from development in the area. It is recognised that substantial development is planned for Maple Cross/Mill End area so this also qualifies.

Recommendation:

The total cost of the project was stated as being £457,000 but included £30,000 for PM fees/Planning app/Operator signs etc which are not eligible for CIL funding. There are other funding streams that will contribute to the overall costs and CIL monies will be required to be used as leverage, to secure the funding from other partners. The infrastructure meets the legal definition and new/improved facilities relate to the development of the area.

CIL monies of £347,000. has already been approved and the £86,750. being the 25% uplift required can be used for the following

- New play area
- Community pavilion,
- 3 floodlight tennis courts
- Outdoor fitness zone
- Multi-use games-area (MUGA)

- Playing pitch improvements
- Access pathways around the site
- Seating around the site
- Biodiversity work including a formal garden, rewilding, tree planting
